PROFESSIONAL SUMMARY

Junior Internal Auditor with hands-on experience in inventory audits, variance analysis, and financial statement audit of inventory accounts under a centralized audit function. Strong background in accounts payable and operational finance, with advanced proficiency in Microsoft Excel and working knowledge of Power BI for reporting and analysis. Detail-oriented, analytical, and compliant with internal control and audit standards.

EXPERIENCE

Junior Internal Auditor

Brigada Distribution Inc. – Central Support Group | 2025 – Present

- Conducted inventory audits across business units, including physical count, reconciliation, and documentation review.
- Performed variance analysis, identifying discrepancies between system records, physical inventory, and financial reports.
- Participated in financial statement audit of inventory accounts, ensuring accuracy, completeness, and proper valuation.
- Assessment of business units' performance using the company's Quality Rubrics, a standardized framework established by the company's Quality Management Department covering:
  - Accounting and Finance Practices
  - People Management
  - Supply Chain Management (Property and Trade Assets)
  - Customer Relations Management
- Documented audit findings, risks, and compliance gaps, and provided recommendations for process improvement.
- Utilized Excel-based working papers and audit schedules to support conclusions and reporting.

Accounts Payable Clerk

Klee Trading Corporation | 2020 – 2025

- Processed and monitored payments to major principal suppliers including Petron Corporation and San Miguel Foods, Inc.
- Maintained accurate records of purchases and accounts payable balances.
- Prepared billing and claims related to pricing discrepancies and promotional activities.
- Reconciled supplier statements and ensured timely settlement of obligations.

Administrative assistant - Data Encoder (Salesforce)

Klee Trading Corporation | 2017 – 2019

- Accurately encodes hundreds of sales invoices data into Salesforce database daily and maintains record for future reference.
